Pittsburgh, PA | 412-522-9986 | zdl@andrew.cmu.edu | zachary.lebak@gmail.com | doomflame.github.io/Portfolio-Site

EDUCATION

Carnegie Mellon University — **Expected May 2029**
Bachelor of Science in Computer Science, Minor in Game Design — Pittsburgh, PA

Relevant Coursework: *Principles of Imperative Computation, Principles of Functional Programming, Introduction to Computer Systems, Differential and Integral Calculus, Integration and Approximation, Calculus in Three Dimensions, Mathematical Foundations of Computer Science, Matrices and Linear Transformations*

Community College of Allegheny County — **May 2025**
Associate of Science in Multimedia Programming, Simulation, and Gaming — Pittsburgh, PA

(Dual-Enrolled at West Allegheny High School)

TECHNICAL SKILLS

- **Programming Languages:** C, C#, Python, SML, Rust, Assembly x86-64
- **Game Engines & Tools:** Unity, Unreal Engine, Git, GitHub
- **Design & 3D Software:** Maya, Blender, FL Studio

TECHNICAL & GAME PROJECTS

Just Bite Back — **August 2024 – May 2025**
Tools: Unity, C#, GitHub — Pittsburgh, PA

- Developed a multiplayer PvP party game prototype using Unity Netcode for GameObjects, Relay, and Lobby.
- Created player movement, interaction, and weapon logic focusing on low latency
- Collaborated with teammates to integrate models and audio into Unity using GitHub
- Held multiple rounds of playtesting with a wide range of participants

Simcoach Transformational Game Prototypes — **June 2024 – July 2024**
Tools: Unity, C#, GitHub — Pittsburgh, PA

- Designed gameplay mechanics and C# scripts for two transformational game prototypes in a project-based team environment.
- Integrated Unity systems to control game state, user interface, and player mechanics focused on technical and workforce skills.

EXPERIENCE

Best Buy — **April 2024 – Present**
Sales Associate — Pittsburgh, PA

- Consult directly with customers to evaluate technical requirements and tailor hardware and software solutions.
- Collaborate with team members to deliver clear product recommendations and maintain up-to-date knowledge on current technology.

West Allegheny High School — **August 2026 – Present**
Percussion Instructor — Imperial, PA

- Instruct and mentor drumline members in musical technique, rhythm precision, and performance discipline.
- Coordinate section logistics, equipment setup, and rehearsal schedules during high school football games and exhibitions.

Simcoach Games — **June 2024 – July 2024**
Game Development Apprentice — Pittsburgh, PA

- Completed intensive project-based training focusing on technical game design, agile workflow, and creative problem solving.
- Participated in team improv exercises to foster communication and collaboration, applying soft skills directly to game development projects.
- Pitched design elements and documentation of two game prototypes to senior Simcoach developers.

INTERESTS

Music / Marching Band

I was the percussion captain for my high school's marching band during my senior year, and plan to be the percussion captain for the Kiltie Band this upcoming year. I was auditioned into the Pennsylvania All State band festival during my senior year of high school.

Video Games

I enjoy playing many indie games, such as Outer Wilds, Celeste, and Hollow Knight, and enjoy playing FPS games with my friends such as Apex Legends and Overwatch.
